Foreword

The class of 1935 has reached one more milestone on life's highway. We do not know what lies before us, while behind are the memories of our days in P. H. S., some happy, some sad; yet as we pause for a moment together before starting out on our various pathways, it is the best and brightest moments that constitute our clearest remembrance of Plainfield High School.

The *Armourer's Apprentices*

We were apprenticed at the forge of youth.
And, whether 'twas the spearhead or the plaw,
The master stood beside us, showed us how
And oft' in weariness, we cried, "Forsooth
To temper it in perfect, flawless truth.
Why must we labor thus with glistening brow?"
And he, with kindly smile, would answer, "Now,
While yet the metal glows, we strike. In sooth,
'Tis now we forge the tools to meet the strife.
Who builds the ship has first to lay the keel."
Now, as with backward look we go our way,
Set fearless hand upon the sword of life—
Nor any earth, nor man, shall turn the steel—
That lusty blade we wrought so well that day.

CHARLES FREEBURN

We have always wondered whether "Bob's" playing the bass horn adds or detracts from his reputation as a Beau Brummel. However, he will be sorely missed by all—boys as well as girls. As Guy Bannon he certainly was a hit.

"Believe one who speaks from experience."

There certainly is a difference between the
viperish Fagan of comic-strip fame and our Feg.
Rather than associate the former's personality
with him, we shall remember him for his humour
and that "feggish" drawl.

Her joyous disposition has gained for her one of the most unique reputations ever, and her school record is one envied by many.

Class History

FRESHMAN YEAR

LYCURGUS, the founder of Sparta, was born during the ninth century B. C.; Darius, preparing for the invasion of Greece, first bridged the Hellespont with boats from twenty to twenty-five years before the Battle of Marathon; and the Temple of Artemis was built at some time between five hundred and three hundred B. C. But there is no doubt that most of the Class of '35 first convened within the classic halls of this sacred shrine of learning on September 8, 1931 at 8:30 A. M. The events of this memorable day will ever be present in our minds—some of us haggard of face, straggling into the school building at 7:50; others dashing in wildly at 8:29; everyone roaming ceaselessly about the halls like restless shades of Hades seeking their eternal resting place.

As soon as we were organized—by the rest of the student body—, we held an election. After the waste-baskets were duly relieved of their ballots, it was found that everyone had been ostracized except Bob Strain, Charles Freeburn, Frances Stout, and Herbert Stine, who were respectively elected president, vice-president, secretary, and treasurer of the class.

This was followed, as usual, by that undesirable period in which the girls find out that they don't use the boys' gym and that they shouldn't go home during study-periods. After this troublesome stage has been safely passed, however, they began to show their appreciation for not being born of Spartan parentage by doing things. Immediately, Freshman Pauline Gage, rendering a speech of Portia from the "Merchant of Venice," created a furor by winning first place—and five dollars—in the declamation contest. Rolling her R's and delivering her lines with true Shakespearian fervor, she would have made the delicate curls of Olympian Zeus stand on end had his statue graced one of the corners of the auditorium. Grace Ryder furnished increased the prestige of the class by winning the quoites championship.

Still another event of this memorable year was the sterling achievement of Shirley Selby. Pitted against the entire student body—truly as great odds as the small and seemingly inferior Greek fleet faced at Salamis—she gave Bacchus a thorough drenching in soda-water and carried off the W. C. T. U. Prize. However, this noble crusader soon left us. Although we have never completely solved the mystery of her disappearance, we suppose it was determined by either of the following reasons: that each morning on her way to school the smoke of the students' cigarettes and pipes clouded her eyes; or that she was prewarned on her visit to the Oracle of Delphi that repeal was just around the corner.

SOPHOMORE YEAR

With the advent of September, 1932, the P. H. S. pedagogues took time out to view the latest miracle of Father Zeus—the Class of '35 three months after it had last been seen, and seven years older. No longer did its members go ka-plop on the newly-polished, mirror-like floors with the awkwardness that was a memory of the preceding year; but with a delightful grace becoming of Greek maidens playing ball we slid and slipped along. No longer did we regard the halls (and act

according to our thoughts) as the Labyrinth of King Minos; but with perfect ease we strolled about as if we had spent several years here (as many of us doubtless had.)

However, just as the lounging gods and goddesses were jolted when Eris got busy with her golden pple, so were we, the Class of '35, separated from this lackadaisical life: first, by the boresome formality of an election (in which, by the way, Lew Hudson was elected president, and second, by the dreadful malady that befell the school periodical, "The Oracle." The Athenian quacks diagnosed it as mycadaemian yeceptys of the phyphomosos, but we called it subscriptemia, or lack of subscriptions. In spite of a fervent plea by Hank W. Orphious Banta in behalf of this, his Euridice, not enough subscribers could be found to save her from the greedy arms of Pluto, and so, in Hades she resides to this day.

Coincident with this calamity was the birth of the Entree. The Oracle is dead! Long live the Entree! The Sophomores (Thirty-fivers) turned out in full array (like the Greeks at Thermopolae—??!) for the available positions. Among those left after the casualties were removed from the field were Bernard Kling, Vera Newmark, Charles Freeburn, Seymour Cohen, Harry Gordon, Dorothy Morris, and Charles Longo.

With the history of our class so obviously ordained and sheared by the Fate triplets, Clotho, Lachesis, and Atropos, to resemble that of Greece, it may be supposed that anyone who dared resist the current would be severely punished. So it was with poor Marge Schneller who stubbornly defied the gurgling Demosthenes. Thus, since she would not with her mouth full of pebbles, attempt to out-bellow the waves on the smooth sand of Asbury Park (or was it Coney Island?), it could hardly be expected that she win first prize in the girls' declamation contest.

However, this catastrophe had little, if any effect on our athletes. For just as the Greeks held their Olympic Games regardless of war and unrest, so did this most distinguished class participate in sports in spite of adversities in the declamation contest. Among those who succeeded most in pleasing the gods were: Bob Strain and Lew Hudson—Tennis.

JUNIOR YEAR

Like young Spartans who have passed the awkward and bungling stage of learning their military rudiments and then, worn off the egotism that their first victory brings, we, the Class of '35, returned in the fall of 1933, hard-headed Juniors. As in previous years, we immediately seized upon the election of officers to show our instinctive Grecian traits. For just as the Greeks worshipped their athletes and rewarded them, so did we, the most distinguished Class of '35, honor ours by installing them in the highest offices. So it was with Lew Hudson, who was re-elected president. Jess Glide was chosen to do little if anything as vice-president, while Brown Bressan and Gertrude Bishop were respectively entrusted by the gods to the duties of secretary and treasurer.

While we were yet congratulating ourselves on our accidental learnings, Marge Schneller, having profited from her mistake of the previous year, carried off first prize in the declamation contest. This strangely awoke us to the fact that the long-awaited Junior roast was at hand. On the last day of school before the Christmas vacation, after having been reassured by several, favorable omens, the Senior Charons

got underway. Among those whom they rowed through the Stygian aisles to the podium were Nancy Mason, Ginny Hall, Helen Cook, Ken Van Alstyne, Helen Greenwood, Lew Hudson, Sonny Coffee, Tiny Bressan, and Loren Dilkes.

Meanwhile, the great array of Greek stage talent of this most dramatic Class of '35 had shown its versatility by appearing in two English plays, "The Trysting Place," by Booth Tarkington, and "The Vanishing Princess," by Herb Bramnick, Marge Schneller, Pauline Gage, Jeanne Farland, Stuart Cahoon, Gale Hoffman, and the mysterious voice, Don Robins. Bob Pepper, Bernice Brown, Ronnie Hoffman, and Bill Beals performed under the great proscenium in the second. Not only were the plays outstanding from a financial view-point, but "The Trysting Place" later won a drama tournament, securing permanent possession of a silver loving-cup.

SENIOR YEAR

By October, 1934, it was apparent to everyone that some wily Calypso had wrought her magic on us, that this most enchanted Class of '35 was determined to out-Greek the Greeks. Indeed, on the very first day of our return to this revered Temple of Learning, we might be seen as true seniors, heads high, noses scraping the ceilings—as the ancient inhabitants of Hellas must have looked while peering into the heavens for an omen.

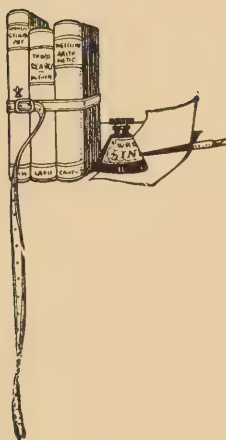

From then and on, the events began to fall like the thunderbolts of Father Zeus on one of his stormiest days. After assembling in the school Agora (auditorium to most of us) to hear our candidates for office extol their qualifications (even as the Athenians more than two thousand years ago gathered in their market-place to be bored by their politicians), we elected Norton Davey president, Bob Keller, vice-president, Brownie Bressan, secretary, and Bob Hahn, treasurer. President Davey immediately proved his worth—old Solon that he is—by handing down for future generations some new laws—in this case, a redrafted constitution.

The roasting of the Juniors and the Senior Play, followed. On the two nights that this great drama was produced in the brilliantly-lighted, Greek amphitheater (if you use your imagination), the roles were taken by Carl Goodwin, Nancy Mason, Marge Schneller, Bernice Brown, John Hanson, Herb Bramnick, Pauline Gage, Herzl Rosenbaum, and Easton Whitney. Meanwhile, the athletes of this most Athletic Class of '35, sensing their last chances for glory, put their utmost into every play. The more successful of those who tried were: Bill Kane, Mel Warner, Dan Lamb, Red Malang, etc.

After mid-year's, our attention was detracted from our studies by our desire to comprehend fully the intricacies of the one-way-corridor system, the brain-child of some of the members of this most original Class of '35. While many of the teachers came down on Doug Mac Laury like Furies, most of us were automatically transformed into Muses—musing over which stairways to use, and later on, over the possibilities of our graduating in June. But just as Hercules overcame the tests of the cruel Hera, so did we, the most brilliant Class of '35, reign supreme after the exams imposed on us by our task-masters. And so, we settled back, awaiting the big day.

The history of our class is now at an end. It is with mingled feelings that we take a final glance back to these four, winged years. Like ambitious Phaeton we have had our weak, stubborn moments, but being human, we have had to err. With this simple but truthful explanation we beg forgiveness. On the other hand, we have formed inseparable friendships, bound by ties fully as strong as those that held Damon to Pythias. There is among us many a Hero who would swim a Hellespont—yea, three of them—to be with his Leander. With these thoughts we leave, regarding our history as we do the glorious past of Greece, regretful that it is no more, but happy that it has been so worthwhile, so beautiful.

Signed, NORTON DAVEY

Class Prophecy

ABOUT the year 4567,3987 and $\frac{7}{8}$ B.C. (Before Cook), the inhabitants of Athens went to the sacred oracle at Delphi for the revealment of the future, but now in the year 1935, the students of P.H. S. go to our own prophet, Auntie Caroline.

Marching to find what lies ahead of us—200 anxious students step along. Some are laughing, some—engrossed in deep thought, (MacIntosh perhaps), and some just in stitches to find out the important news.

Ho! Ho! Ho! If this isn't the funniest sight! It's Nancy! And what do you think she's doing? Just "Neill"ing before the sacred Oracle. Master Oracle has just told her that she will be taken captive by a husky "Cook," and that they will both live on a deserted island in the Pacific Ocean. In spite of their isolation from civilization, this cook will keep in touch with the affairs of la belle France, and will entrust his Blond Countess to raise a family of husky cookies. This predicament, however will be relieved when Nancy co-stars with Carl Goodwin in an MGM production of 1940.

The next vision contains a pair of former P. H. S. students. The scene is in Radio City, New York in 1942. Two figures glide across the stage, a broad-shouldered blonde fellow garbed in a tuxedo has just wheeled around to catch the waist of a comely girl. As she closes and opens her sky-blue eyes, fluttering her long curly lashes, he grips her waist tighter and they dip and dance to the rythm of the continental. We are still wondering who they are until the young lady suddenly blushes. Now we know! They're Ginny Hall and Alan Sharpe, the two best dancers of '35.

"Boy is my face red!" Who said that? No answer. Well, let's take it for granted that it was Margie Schneller, our biggest blusher.

The next scene becomes visible in an up-to-date newspaper office, a beautiful picture of cooperation and fun. Printing presses are rapidly slapping off the news while Ellis Schwartz is getting his papers ready to deliver, the model newspaper boy in flesh and color. And who's this industrious looking person seated at a desk with a pile of work two miles high? The sweat is pouring from his brow as he "bawls" out a commercial artist, named Rosenbaum, for drawing too many backless evening gowns on one page. The "bawler-outer" is Bernie Kling.

A group of reporters are lined up near the editor's desk, among whom we find Charles Freeburn reeling off an excuse for not having his feature story quite ready. Each word of his excuse is at least three miles long; so the editor has tapped off his speech and used it for the feature story. By the way, guess who the editor is? None other than Charlie Longo, the master mind who ably managed the Entree in P. H. S. for 1934-35. A shy little child is approaching Longo's desk. "Why didn't you come around with that story yesterday?" is the thundering cry from Charlie. The figure shrinks up to the size of a paramoecium. Poor little Julius Mintz, he's still so small. And now just look at Brownie slaving to get the next edition of the paper ready, and Catty Shea pounding away on the typewriter. And what could be better for a grande finale to this picture than a good old fashioned

rise in the salary of all the employees, a grand "hurray," and they all go speedily back to work.

Our next scene is in a fashionable Park Avenue, N. Y. C. apartment, with a penthouse and all accessories. It is the habitat of a striking couple with a couple of kids who at present are roaming aimlessly about the "joint." It's evening and the children, of course, are put to bed at 10:30 at the earliest. After the parents are sure that the children are sound asleep, a slim figure enveloped in a gorgeous white ermine evening wrap emerges followed by her handsome husband. They are going to the Waldorf Astoria for a morning revelrie.—Hold everything, did you hear that laugh? The couple are Jessie Loizeaux and Bob Pepper. Wouldn't you know they'd pair up!!!

Next—The 1940 Olympics—held at Plainfield, N. J. Everybody is excited and can't wait for the finals. Well, I won't keep you waiting so here goes:

A sturdy feminine figure clad in shirt and shorts with a couple of tennis rackets tucked under her arm emerges into the center of the field where the tennis courts are located. She is Plainfield's representative for women's tennis. Smack goes the ball. Boy, what action! Watch that ball fly! It's a draw; no, she wins. The new tennis champion, Marge Coggins.

And while we're talking about tennis, let's have the male representative. Boy, he looks ready to kill. And he's not bad looking either. Another representative of action, and how!! Lew Hudson, the champ.

The next representative is rather small, but she's got "it." Look at that ball fly and the stick, too. The new hockey champion has been proclaimed—Janet Mauger.

The next, Diana is person. She draws the bow and whiz. A bull's eye!!!! Another arrow, nearer yet to the center, and one more, a perfect shot. Marion Orcutt, the archery star! Followed by Janice Everill who is runner-up.

The next feat takes place in a swimming pool, and the demonstration is naturally for swimming. (This explanation was put in extra for Popeye.) Dan Lamb breaks all previous records for breast stroke, (while Ruth looks on with anxiety). Mel Warner slashes another record. Just look at him skim over those waters, (in his case it's Louise looking on). A human fish. And on the feminine half, Betty Banks also toes the mark. She's off. She won and a dandy speed record. Cookie demonstrates the crawl while Helen Lubeck shows us some good free style. And so, dear seniors, you see that we have a specimen of every kind of talent in our class. But I'm not finished yet.

The next scene is destined to happen in 1960. Before us the Chief Justice of the U. S. is solemnly reading the oath of office for the next president of the United States. The throng is mechanically swallowing everything he has to say in this dignified performance. The youthful president looks on saying "I do" to every oath and as the ceremony ends, whom do we recognize as the president, it's Doug Mac Laury taking out his notes for his inaugural speech. As he begins his speech in thundering tones, the timid Chief Justice shrinks back. By the way, the Chief Justice is Norton Davey and he's pretty good at it after having had experience with the class of '35. This is the speech. "Friends, Romans, Countrymen," you know the rest, so why go on. (You know it if you passed English 3.) (Stirling Lippen-cott has been chosen Secretary of Agriculture.)

Sir Oracle seems to become weary. He'll soon be able to recover. He's ready. That's fine.

And, next we have a girl's gym class in action in 1945 at P. H. S. The able instructress, Grace Ryder, displays the next step while her obedient pupils look on.

Sir Oracle also predicts that Bernice Brown will be chosen greatest actress in movieland in 1940. Her films will be exhibited the world over and the memorable play "Matinka" will also become popular through Berni's talent.

And next the Rose Bowl Game—Red Malang, Phil Mathews, Bill Kane, and Lightning Simmons star as the four horsemen of 1940—What cooperation—We knew they'd come out on top of the heap.

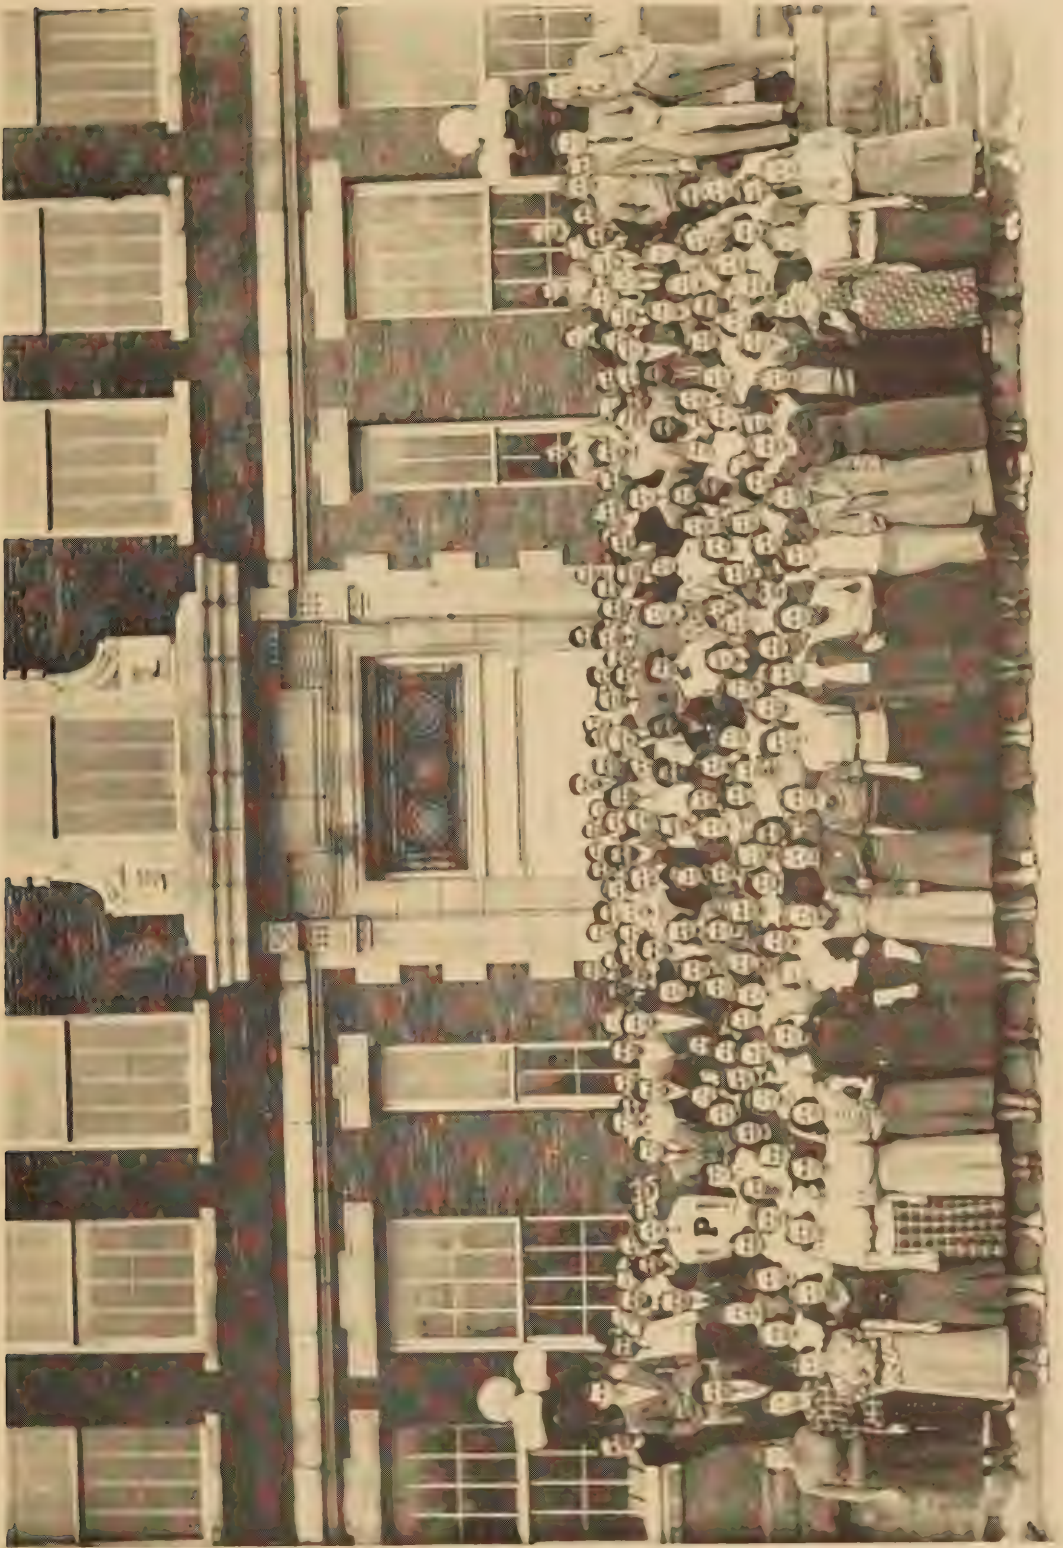

Suzann Furman will make her debut at the Grand Opera in 1944. Her role as Aida in the opera "Aida" will establish her honors in the singing world.

Les Folies Bergere de 1945! Curtain. All in step, tip, tap, tap, ah, what an alluring picture. A group of beautiful maidens wheel, reel, keel, dip and dance. What a fine chorus! What form, what grace, what charm! The third from the end, did you see her wink? Well, that's Pauline Gage. And if you notice, every other one is a blonde, just look at them step into it, namely Alice Mueller, Betty Lagstrom, Jean Swalm, Brownie Bressan, and Vera Marsh. And say those brunettes are "swell"—Libby Harmon, Muriel Higgins, Jean Cumming, and Ollie Smith, and in the middle, that dazzling red-head Joyce Worth. Go to it girls!

And what could be more fitting, or charming as grand finale of this memorable class of 1935. Sir Oracle decides that it will be a wedding, and the most outstanding wedding in 1940 at that. The scene begins the morning of the wedding. The bride is calm and collected while six or seven pretty maidens work on her hair, nails, etc. She doesn't raise her finger for a thing. And what a wedding it is going to be!

It is now 7:00 P. M. The scene is shifted to the most outstanding Church in New York. Later on the guests begin to arrive in limousines and what not. Gay attire and happy spirits predominate; society is just about ready to put over its biggest event of the season. Well, well, here we are! The bride and groom have arrived. Why she's perfectly gorgeous and he's divine! A white lace dress of the Princess Marina style and a boquet of the most expensive orchids, adorn the bride, while the groom has neat tails—(on his suit).

And now the dainty brides' maids enter. Their dresses are lavender lace. This is going to be a knockout! "I do" has been said; they are man and wife and the throng proceeds to the New Yorker. The tables have been set and it's a grand feast. When all of a sudden some old crony of the bride's pops in and we hear that musical "hello, how you was?" from the bride. Who is this happy couple?—Helen and Ken, the perfect couple of '35.

Swimming

EVEN though the swimming team had no acting captain throughout the season, they had a very good season. Victor B. Liske a record breaker of days in the near past coached the team to their best.

Dan Lamb the star breast-stroke of the team broke Earl Pierson's old record of 1:22 for 100 yards by two seconds thus setting a new record for the school's pool. Mel Warner was the outstanding free-stroke swimmer.

This year's team picked from a very small squad brought thrills and chills even against such teams as Trenton, winner of the state meet, and Columbia.

The Cardinal team lost three meets out of ten.

Basketball

THE Cardinals started their first season under Coach Brann with a victory over Westfield. This beginning must have been a good omen for the Cardinal's season because they came through with the majority of the games as victories. The total victories out of 15 games was 10 which shows a fair season.

Captain Dobson, by his outstanding playing, proved to be a very good leader for the Cardinals. The whole team was a good match for all of its opponents.

FOR the third successive season the Seniors were victorious and received their numerals. It was only after a difficult season, however, as several of the games had to be played over because of a tie.

"The Goose Hangs High"

By Lewis Beach

THIS three-act play of parental problems was the choice of the Seniors this year for their annual production. Under the direction of Miss Ruth LeFevre the thirteen seniors in the cast produced a noteworthy dramatic triumph. The P.H.S. orchestra, led by Mr. Howard Savage, played nobly during the entractes. Ray Gilman and Kenneth Van Alstyne were the business managers with Miss Gladys Paul as business adviser.

"Flying Millions"

THE original musical comedy "Flying Millions," which was produced by the students of P. H. S. and included a cast of one hundred students, with fourteen principals was produced in the Plainfield High School Auditorium on March 15 and 16.

The principals were as follows:

<i>Guy Bannon</i>	ROBERT HAHN
<i>Cynthia Bannon</i>	CATHERINE SCHAEFFER
<i>Joan Lee</i>	AUBIGNE BUTLER
<i>Percival Tuttle</i>	ROBERT PEPPER
<i>Patience Pease</i>	DANIEL HOGAN
<i>Prudence Pease</i>	JOHN DAVIS
<i>Hamlin Tinsel</i>	SEYMOUR KURTZMAN
<i>George Rice</i>	HERBERT BRANNICK
<i>The Reporter</i>	ROBERT BRAGG
<i>Mr. Lee</i>	EUGENE STRYKER
<i>Policemen</i>	DANIEL VROOM, ANKER GOLDMAN
<i>Bell Hop</i>	ROBERT RUCK

The remainder of the musical comedy cast consisted of a Sailor Chorus, Waitress' Chorus, and a group of hotel guests. There were two specialty dance groups. One solo tap dance by Marjorie Burdick and a solo Spanish dance by Rita Burke.

The executive staff consisted of: Miss LeFevre, supervisor and stage director; Mr. Savage, musical director; Miss Snyder and Mrs. Persinger were in charge of the dancing. Miss Palmer supervised the art work and Miss Linsley had charge of the sewing. Mr. Dunavan was business adviser.

Those who contributed to the dialogue were members of the drama class, along with several other students. The musical numbers were composed by the harmony class of 1934 and 1935. Mr. Savage, aided by Thaddeus Krapszinsky, wrote the orchestration. Words to the songs were written by students.

The entire plot of the musical comedy was originated by the drama class of 1933.

Last Will and Testament

WE, the most illustrious and renowned class of nineteen hundred and thirty-five, being sane of mind (except for Mel Warner), and sound of body (if we be the judge thereof), and having an over-abundance of slightly used and little needed treasures generously left us by preceding classes, do in a spirit of magnanimity and philanthropy, bequest and endow unto our posterity, these valued heirlooms, and trust that the greatest care will be taken to preserve them for future classes to bestow.

heis: To the Juniors:

1. The duty of looking for those long lost senior privileges.
Note: Best places to look:
 - a. under our seat in Chapel, which we also leave you.
 - b. in Miss Moore's office.
 - c. in Miss Bond's room
2. The honor of having the members of our class, who flunk out, among you.
3. The pleasure of struggling over the publication of a year book, and of writing an original last will and testament.
4. All the worry over college entrance requirements, and the joy of finding you've forgotten to take some subject you need. (If you've only omitted one subject, you're lucky.)
5. A chance to rise to our "noble ranks."

due: To the Sophomores:

1. The privilege of sleeping through every chapel exercise.
2. The satisfaction of giving your class ring away the day after you get it.
3. The chance to bring to the limelight all the hidden talent in your class.
4. Our sympathy to you, at the Junior roast—Be good!!!

treis: To the Freshmen:

1. The hope that you'll keep up the good work you've started, when you held your "Freshmen Night."
2. The advice that you "love thy victim as thyself," and be merciful to the incoming Freshmen.

tetteres: To the Faculty:

1. Peace of mind, now that we've gone.
2. Privilege of shouting with joy at saying goodbye to Hub Stine and Betty Heaume and at the same time, of pining away at losing those masterminds and comforts in the midst of despair, Charlie Freeburn and Frances Power.

3. To Mr. Savage:
Some cooperation in singing those bass parts in the chapel songs.
4. To Mr. Banta:
All the left-over year-book stationery—he takes it anyway.

pente: To the School in general:

Don't envy us who leave this High
You'll all be Seniors by and by.

In witness whereof this twentieth day of June, in the year of our Lord one thousand nine hundred and thirty-five, we hereunto attach our hands and seals, toe-prints, and teeth-dents.
